

Do you believe that your organisation would pay the ransom if you were to be hit by a successful ransomware attack in the future?

With ransomware being at the forefront of cybersecurity professionals' minds, attitudes towards attacks is a key part of how to tackle them.

Would you like to read more about ransomware? Have a read of the <u>blog</u> on our website which discusses generative AI, cybersecurity and how the landscape is constantly evolving.

Source: The 'ransomware' poll was on the Vanson Bourne Community website in September 2023 and was completed by 74 respondents.
